# ABOUT US

UPM Raflatac is part of UPM, a leading forest industry company based in Finland. UPM delivers renewable and responsible solutions and innovates for a future beyond fossils across six business areas: UPM Fibres, UPM Energy, UPM Raflatac, UPM Specialty Papers, UPM Communication Papers and UPM Plywood. As the industry leader in responsibility, UPM is committed to the UN Business Ambition for 1.5°C and the science-based targets to mitigate climate change. EcoVadis has recognised UPM with a platinum score based on the company's sustainability performance in the categories Environment, Labour and human rights, Ethics and Sustainable procurement.

At UPM Raflatac, we develop innovative and sustainable labeling solutions, exquisite film laminates for Graphics Solutions and removable paper-based self-adhesive products. At our factory in Hagenow, Germany, we produce a large variety of sticky notes and related self-adhesive, paper-based products under Global Notes by UPM Raflatac. We are one of the largest internationally operating manufacturers of sticky notes with more than 30 years of experience and long-standing customers on all continents.

## **A strong and reliable partner for your sticky notes business**

We offer you a broad range of high-quality products for office, school, home, and crafts that are sold under our own brand name INFO or as customised private label products.

We are passionate about paper-based products and continually work on new solutions for our customers. In addition to our classic sticky notes, we offer a large variety of self-adhesive products such as cubes, flags, and page markers, roll notes and much more – with a strong focus on quality made in Germany.

Our commitment to quality begins with the careful testing and selection of paper and other raw materials. Our water-based and solvent-free sticky notes adhesive is exclusively produced in-house and continually tested in our laboratory. Comprehensive quality control is maintained throughout the whole production process.

# FSC™ CERTIFICATION

All of our paper-based products of Global Notes by UPM Raflatac are made from FSC™-certified paper (FSC C003094). The Forest Stewardship Council™ (FSC) defines sustainable forest management standards that are based on agreed principles and supported by environmental, social, and economic stakeholders.

FSC certification means that:

- The FSC-certified material is traced and credibly used in accordance with the FSC's chain of custody requirements.
- By choosing our FSC-certified sticky notes, you support responsible forest management.

# BLUE ANGEL CERTIFICATION

[www.blauer-engel.de/uz14b](http://www.blauer-engel.de/uz14b)

Our INFO NATURE NOTES are made from 100% recycled paper and certified with the Blue Angel. The Blue Angel is the classical among the environmental and the oldest eco label in the world. Smart use of raw materials, production, usage, service life and disposal – all these factors are assigned a high importance. It demands the adoption of 100% wastepaper to reduce the pressure on virgin feedstocks.

# SOLVENT-FREE ADHESIVES

All our INFO products are coated with solvent-free adhesives. Solvent-free adhesives use less energy and other resources during manufacturing compared to solvent adhesives. They are also free from hazardous air pollutants which pose a risk to human health and the environment. Our solvent-free adhesives are continually tested in our own laboratory to create sticky notes with optimal adhesion.
